

Strategy includes:

Opportunity to recreate and enhance the landscape of Bonnington Park through mineral extraction and restoration.

Current Situation Degraded Parkland

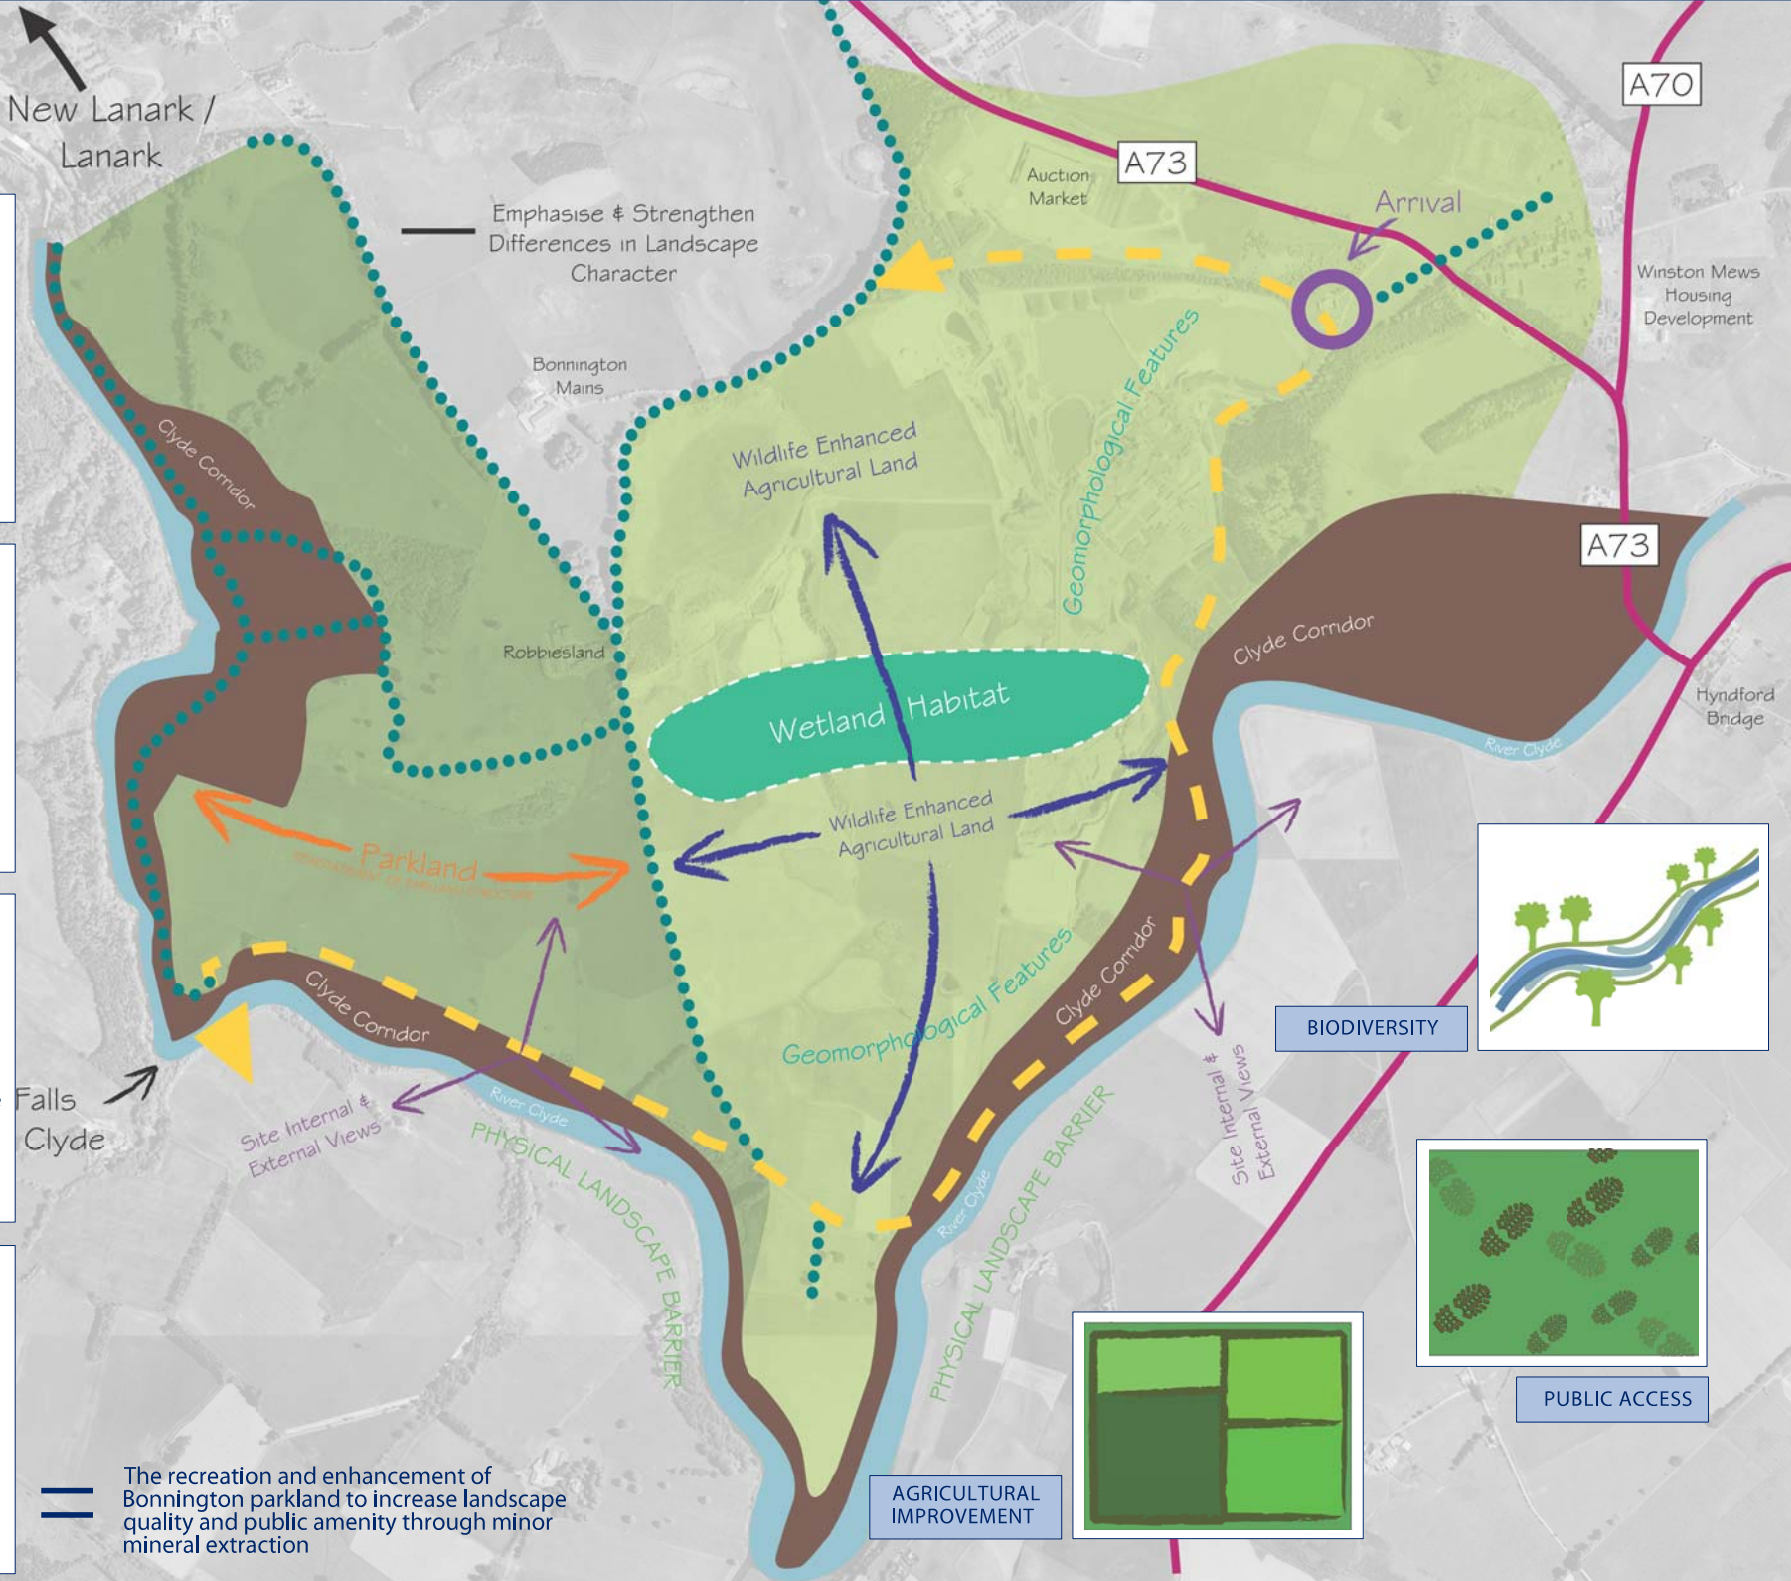

Re-establish Bonnington parkland structure planting and avenue with original parkland

Link quarry extension and revise previously permitted quarry restoration scheme into Bonnington parkland to recreate a distinct landscape

Ensure enhanced agricultural parkland assimilates into and strengthens local landscape character and amenity potential

— The recreation and enhancement of Bonnington parkland to increase landscape quality and public amenity through minor mineral extraction

AGRICULTURAL IMPROVEMENT

BIODIVERSITY

PUBLIC ACCESS
